

HETI HAJULUKKO

Deodourisation liquid for drains

Use

HETI Hajulukko forms a surface lighter than water in drains that keeps the water from evaporating and the drains from drying out. Helps to keep microbes in the drain. Does not damage the drain. Can be used in drains and floor drains, open water extinguishers, open expansion containers, heat distribution rooms, air conditioning machine rooms, garages, empty apartments, schools, offices, storages, etc.

Dosage

First fill the drain with water and pour 2-3 dl of HETI Hajulukko inside the drain. In cold conditions, the drain is completely filled with the product.
