

HETI PLUS DIP

Cleanser for soaking and bleaching

Use

For manual soaking and bleaching of dishes. For cleaning surfaces in industrial kitchens as well as sanitary and wet facilities. Also suitable for cleaning the dish-washer and floor drains, for example. The product is suitable for soaking cutlery, porcelain and plastic dishes as well as stainless steel dishes. The product is not suitable to be used on hot surfaces or aluminium, as the product forms toxic gases if over 40°C.

- Hypochlorite-based
- Bleaches effectively

Dosage

Dosage	
Soaking and bleaching dishes	50 ml / 5 L of water (max 40°C)
Cleaning the washing machine	1 L / 100 L of water

Instructions

Soak the dishes in a basin and leave to soak for 15-30 mins, depending on how dirty the dishes are. After soaking, carefully rinse the used container or wash in the dishwasher.

Cleaning the dishwasher: add the product in the washing agent container before emptying. Turn the dishwasher on, empty the tank after washing and rinse well.

Packaging and environment

The product is biodegradable. The product must not be released into bodies of water or soil undiluted. Small amounts can be disposed diluted of by releasing into the sewer system, if necessary. Large amounts are disposed of according to the regulations of the local waste management authorities.

The cardboard in the packaging can be recycled. The can, bottle and label are made of reusable PE plastic. PE plastic can also be utilized in material recycling and energy production.

Shelf life

Keeps for about one year from the date of manufacture. If the product is older than one year, dose 10% more of the product. Must be stored in room temperature.
