

# LV

# White Professional

Concentrated, bleaching  
laundry powder for professional use

The fragrance-free LV White Professional effectively tackles any protein, carbohydrate, secretion and grease stains. The product is particularly developed for washing light-coloured textiles. Due to its oxygen-based bleaching properties, LV White Professional is perfect for the care sector, professional kitchens and hotels. Perfect for washing microfibre cleaning textiles. Developed in cooperation with the Allergy, Skin and Asthma Federation.

## Instructions of use

For hand and machine wash in any temperature (30-95°C). Bleaching wash (40-95°C). Follow the instructions and the wash labels of the textiles. Wash whites and colours separately. Low washing temperatures are recommended for colours. Any detergent containing bleach may fade the colours. The LV White Professional laundry powder is not recommended for silk, wool or highly sensitive textiles. When washing laundry by hand, make sure the powder is fully dissolved in the water before adding the clothes. Soaking textiles is not recommended.

## Dosage
