

# LV

## Palasaippua

### Block Soap

For sensitive skin

Block Soap was the first product in the LV range, developed in cooperation with Professor of Dermatology Lars-Erik Sonck. It is suited for daily washing of the hands and body and does not dry out or irritate the skin. LV Block Soap does not contain any fragrances or colourants and it is perfect for people with sensitive skin, allergies and atopic dermatitis. LV Block Soap is made of real soap and does not contain surfactants, making it suitable for those allergic to surfactants.

**pH 10**
