Color Professional

Concentrated laundry powder
for coloured laundry for
professional use

Particularly developed for professional use, the LV Color Professional laundry powder dissolves easily, ensuring an effective washing result without fading the colours. Does not contain fragrances, colourants, zeolite or optical brighteners. LV Color Professional is entitled to use the label of Finnish Allergy, Skin and Asthma Federation.

Instructions

Concentrated laundry powder for hand and machine washing of coloured textiles in any temperature. Recommended temperature for coloured laundry 30-60°C and for microfibre cleaning textiles 60-95°C. Suited for normal laundry, microfibre products, baby clothes and delicates (e.g. synthetic fibre). Not suitable for wool or silk.

Proper wash and water hardness soft/medium:

Machine size:

3-5 kg 40 / 60 ml

5-6 kg 48 / 72 ml

Hand wash 25 ml per 10 L of water. We recommend protective gloves when washing laundry by hand.

Packaging and environment

The product must not be released into bodies of water or soil undiluted. Small amounts can, when diluted, be disposed of by releasing into the sewer system, if necessary. Large amounts must be disposed of according to the regulations of the local waste management authorities.

The cardboard in the packaging can be recycled.

Ingredients

15-30% Phosphates
< 5% Non-ionic surfactants
Soap
Enzymes

Weight

100 ml (1 dl) of laundry powder weighs 80 g.

Washing solution pH 10,5
