## Huuhteluainetiiviste Fabric Softener Concentrate

Fabric softener for sensitive skin

LV Fabric Softener Concentrate cares for textile fibres and keeps your clothes soft and comfortable. This is particularly important for sensitive skin; the softer the clothing, the less it irritates the skin. The conditioner also removes static and is suited for all laundry, both hand and machine wash. Not recommended for technical clothing, or for textiles containing elastane. LV Fabric Softener Concentrate does not contain any fragrances or colourants and is certified by the Finnish Allergy and Asthma Federation.

### Instructions of use

Ready-to-use product for laundry. Yields 37 washes.

### Packaging and environment

The cardboard in the packaging can be recycled. The bottle and label are made of reusable PE plastic and the cap PP -plast that can be utilised in material recycling and energy production.

The product must not be released into bodies of water or soil undiluted. Small amounts can, when diluted, be disposed of by releasing into the sewer system, if necessary. Large amounts must be disposed of according to the regulations of the local waste management authorities.
